## LIGHTWEIGHT INSULATED PICKING AND STAGING TOTE

Today, grocery store staff collect orders and stage them across refrigerated, frozen and ambient temperature zones waiting for pickup. These methods are inefficient, labor-intensive and expensive. **LIVIRI SPRINT<sup>50</sup>** simplifies the process and allows more flexible options for chilled storage with a high-performance, reusable design that keeps contents in the safe temperature zone for 12+ hours. It also helps eliminate wasteful single-use packaging for a more sustainable last-mile solution.

### SQUARE BOX. CIRCULAR MINDSET.

Reuse model is environmentally preferable to single-use alternatives. Constructed from Expanded Polypropylene (EPP) that's 100% recyclable at end of life.

### FEATURES

- 12+ hours of thermal performance
- Allows for efficient and flexible use of staging space
- Two lid options: solid and picking lids. Solid lid fits gallon jugs of milk and chilled juice standing upright
- Securely stacks with common ambient totes, allowing for efficient staging of orders for customer pickup
- Fits in most picking carts
- Dry ice compatible to keep ice cream and proteins frozen
- Lightweight, durable design
- Machine washable for easy cleaning and sanitizing

### EPP THERMAL DIVIDER

- Create temperature zones (i.e. chilled and frozen) to avoid partially filled boxes and to reduce the number of totes per order
- Allows for dry ice separation
- Divider fits in 6 of the 8 ice-pack slots for customizing box internals

### REUSABLE ICE PACKS

- Two temperatures available: 32°F / 0°C and 5°F / -15°C (ideal for ice cream)
- Extremely flexible system accommodates a variety of pack-outs (8 vertical slots and ability to lay 2 ice packs on the bottom)
- Reusable ice packs are sustainable and economical
- Ice Pack: Coolant Weight – 2.5 lbs (1.1 kg)  
Total Weight – 3 lbs (1.4 kg)

Sprint Ice Pack Dimensions: 13.4 in L x 1.2 in W x 9 in H | 34 cm L x 3 cm W x 22.9 cm H. Weight: 3 lb (1.4kg) total / 2.5 lbs (1.1kg) coolant

### SPRINT SPECS

- Weight: 4lbs (1.8 kg)

### SPRINT<sup>50</sup> (SOLID LID FITS GALLON OF MILK)

- Internal Volume: 53 quarts / 50.2 liters
- External Dimensions: 23.8 in L x 15.7 in W x 14.3 in H / 60.3 cm L x 40 cm W x 36.2 cm H
- Internal Dimensions: 21.1 in L x 12.7 in W x 11.6 in H / 53.7 cm L x 32.3 cm W x 29.4 cm H

### SPRINT<sup>40</sup> (BI-FOLD LID)

- Internal Volume: 42 quarts / 39.7 liters
- External Dimensions: 23.8 in L x 15.7 in W x 11.7 in H / 60.3 cm L x 40 cm W x 29.7 cm H
- Internal Dimensions: 21.1 in L x 12.7 in W x 9.1 in H / 53.7 cm L x 32.3 cm W x 23.1 cm H

### SPRINT ICE PACK SPECS

- Dimensions: 13.4 in L x 1.2 in W x 9 in H / 34 cm L x 3 cm W x 22.9 cm H
- Weight: 3 lb (1.4kg) total / 2.5 lbs (1.1kg) coolant

### EPP THERMAL DIVIDER

- Dimensions: 13.4 in L x .26 in W x 11.7 in H / 34 cm L x .6 cm W x 29.7 cm H
- Weight: .25 lb (.1kg)

# Liviri DELIVER DIFFERENT

## RUGGED, INSULATED BOX FOR LAST- MILE RESIDENTIAL DELIVERY

**LIVIRI SPRINT<sup>28</sup>** works with grocers, specialty food companies and produce shippers to provide durable, insulated totes for last-mile residential delivery. Its high-performance, reusable design reduces the need for chilled storage space or refrigerated trucks. By keeping perishables in the safe temperature zone for 12+ hours, it also allows for unattended deliveries that increase route efficiency by simplifying drop-off logistics. Finally, Liviri SPRINT<sup>28</sup> eliminates wasteful single-use packaging, delivering a more sustainable last-mile solution.

### SQUARE BOX. CIRCULAR MINDSET.

Reuse model is environmentally preferable to single-use alternatives. Constructed from durable polypropylene and recyclable at end of life.

### FEATURES

- Rugged design withstands last-mile delivery rigors for long lasting reliability
- Easy-to-open clips make for simple open/close and convenient consumer experience
- Nestable units reduce storage needs (54 containers per pallet)

- 12+ hours of trusted thermal performance
- Custom ice packs for precise temperature control and flexible pack-out
- Moveable dividers for creating independent climate zones and separating proteins from leafy greens
- Machine washable for quick, consistent cleaning/sanitizing

### SPRINT<sup>28</sup> SPECS

- Weight: 8.3 lbs (3.8 kg)
- Internal volume: 29.4 quarts (27.8 liters)
- External dimensions (with lid):  
19.3 in L x 15.8 in W x 10.7 in H  
49.9 cm L x 40.1 cm W x 27.5 cm H
- Internal dimensions (at base):  
15 in L x 9.9 in W x 9.1 in H  
38.3 cm L x 25.1 cm W x 23.1 cm H
- Large ice pack: coolant weight – 3.7 lbs (1.6 kg)  
Total weight 4.8 lbs (2.2 kg)
- Small ice pack: coolant weight – 1.1 lbs (.5 kg)  
Total weight 1.5 lbs (.69 kg)
